

# Chemistry Suggestion Paper - Chemical Bond

Shams Parvez Arka

December 21, 2022

**1. Give definition with their properties:**

- Ionic bond / Electrovalent bond.
- Covalent bond.
- Co-ordinate Bond
- Metallic bond → (Electrical and thermal conductical nature, Luster, Ductility)
- Hydrogen bond → (definition, variation and properties of Dipole)
- Vander wall's bond

**2.** Explain the Ionic character fo Covalent bond.

**3.** Explain the Covalent character fo Ionic bond.

**4.** Fazan's rule
